4. Open Session

4.1. To receive an update and consider action from the Chair on current matters

4.1.1. Ditching work is progressing well and once complete, the drain will be checked for blockages. It is likely that a jetter will be needed for a day to clear any blockages.

4.1.2. There have been some weather-related delays with the other drainage project, so only two out of the three areas will be completed within the grant period – the Pound and Poppy Bank. There will be a road closure on Poppy Bank whilst the work is taking place (05/06 March). The Chair will reapply for the grant money for 2026/27 to complete the outstanding work.

4.1.3. A review was undertaken of the Defib machines as follows:

- Village Hall – working okay.
- Little Cowarne – not working and requires a new battery and new pads. The suppliers advised the Chair that the model of defib is now obsolete, so will need replacing in two years’ time.
- Sparrington – not working and requires a new battery (covered under service contract).

The Chair advised that the defib machine at Little Cowarne needs checking quarterly and the machine at Sparrington needs checking monthly.

- 4.2.9. There is due to be an increase in road tax for cars classed as 'luxury' in April 2026.
- 4.2.10. Some members of the Conservative Group would like to put a motion to the Council asking them to write to Central Government to reconsider the ban of trail hunting. This has not been supported by all group members.
